Subject: Upper Animas - Conference call with BLM

Scott – EPA met with BLM last week to discuss issues regarding the Upper Animas and coordination between EPA, BLM and the State. BLM raised concerns about the State's position because of the settlement with Sunnyside Gold corp. We thought it would be useful to have a conference call with you, Ann Umphres, DOI Solicitor, and I on the impact of the earlier settlement on the State's position today regarding what is happening and may happen in the Upper Animas from a regulatory and/or enforcement standpoint. Would you be willing to have such a call and, if yes, when might you have some availability towards the end of September?
